## Culcheth and Glazebury Parish Council

Clerk to the Council:

9<sup>th</sup> March 2020

Jennifer Bolton  
Case Office Development Management  
St. Helens Council  
Town Hall  
St. Helens  
WA10 1HP

March 6th, 2020

### **P/2020/0061/HYBR Omega 8**

Culcheth and Glazebury Parish Council object to this application.

Reason: the adverse impact of these proposals on air quality and congestion on motorways and local roads in Warrington.

This application does not exist in isolation: it has to be seen as part of the accumulation of permissions, applications and proposals for distribution centres and development in the Green Belt in St. Helens, Wigan and Warrington.

We have objected to similar developments because our motorways are frequently congested and blocked by accidents, causing traffic to use our local roads as “rat runs” with further blockages and congestion. We do not want deteriorating air quality, or an increase in local congestion, nor more homes affected by vibrations from large lorries going through our villages.

Although this site is South West of our villages the resulting traffic will use the M62 and the motorway network, affecting our residents. We also are concerned about the wider loss of Green Belt and “green lungs”.

We have already asked for some of the earlier applications to be called in by the Secretary of State and this application should be included.

Yours sincerely,

Clerk to the Council
