Dear Helen,

I am contacting you with regards to my consultation response for the above application.

I can confirm that the pre-determination archaeological works (field survey) have now been completed and a report has been submitted to and accepted by MEAS. Having reviewed the results of the survey my advice is that no further archaeological works are required for this application and as such archaeology does not need to be considered further. I have requested that the applicant forward a copy of the survey report to yourself for approval.

If you wish to discuss this matter further, please do not hesitate to contact me.

Kind Regards

Vicky
