**Subject:** [CAUTION] FW: P/2020/0061/HYBR - Hybrid Planning Application

### **FAO: Jennifer Bolton**

Further to our previous response to this consultation, Highways England can confirm that a suitable RAMS has been agreed for the development and therefore condition 5 on our previous response (**No development pursuant to this application shall commence until a detailed construction plan working method statement (including Risk Assessment Method Statement) relating to site development earthworks and drainage alongside the M62 has been submitted to and approved by Highways England and the Local Planning Authority**) does not need to be applied to the granting of permission at this site

Please see the attached updated response, recommending the conditions that we believe should be applied to any successful application, in order to protect the Strategic Road Network.

Kind regards

**Benjamin Laverick, Assistant Asset Manager**
