24th February, 2021

Site address: Omega Zone 8, West of Omega South and South of the M62, St. Helens

Description: Hybrid Planning Application

Application reference: P/2020/0061/HYBR

Applicant: Omega St Helens Ltd/ T.J. Morris Ltd.

PINS reference. APP/H4315/V/20/32658899

PINS start date 20th January 2021

Culcheth and Glazebury Parish Council are pleased that this application has been called in for consideration.

In addition to our comments already made please consider our main concern in category d).

That is, if not already considered, the cumulative impact of this application with all of the proposals, permissions and applications for distribution centres and development in the Green Belt in St. Helens, Wigan and Warrington.

These do not exist in isolation and impact upon our Parish when traffic chooses to use our narrow roads as rat runs or when it is forced to by congestion and accidents on the Motorways.

We assume that air quality will be part of the Inquiry.

Yours faithfully

Tina Rogers-Smith for Parish Councillors
Clerk to the Council
